Tested with Reliances Annual report: RIL_IAR_2024.pdf

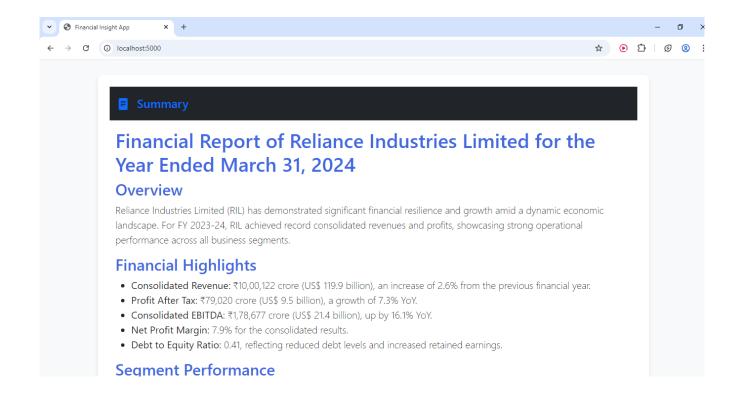

(Link: https://www.ril.com/ar2023-24/index.html)

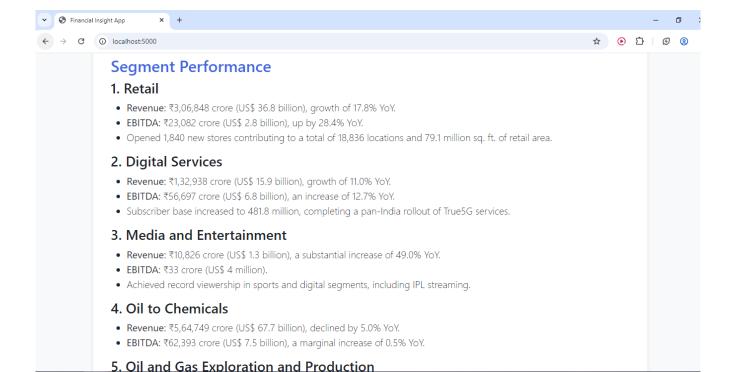

1. Upload PDF file (stores the file and generates ChromaDB (vector database) embeddings which are required by the LLM to facilitate the chat functionality)

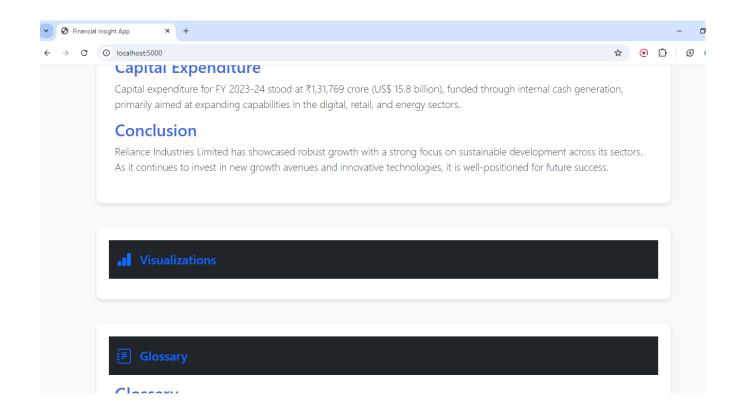

It takes between 45 seconds to 3 minutes for the LLM to generate the report. A report generated by the LLM is shown below.

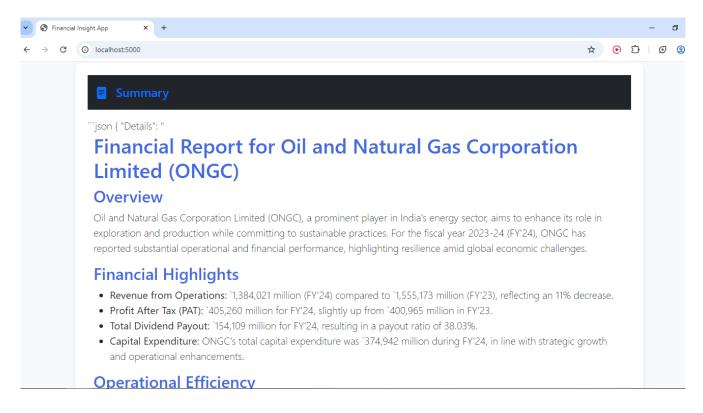

ONGC (2023-24 report: https://ongcindia.com/web/eng/investors/annual-reports)

Operational Efficiency

In FY'24, ONGC achieved impressive operational efficiency with drilling 544 wells, maintaining reserve replacement ratio more than one for the 18th consecutive year. The company is actively investing in research and development (R&D), allocating `6,866.84 million to enhance technology and processes.

Production Metrics

- Crude Oil Production: 21.14 MMT in FY'24, down from 21.49 MMT in FY'23.
- Natural Gas Production: 20.65 BCM in FY'24, compared to 21.35 BCM in FY'23.
- Value Added Products (VAPs): 2.519 MMT in FY'24 against 2.598 MMT in FY'23.

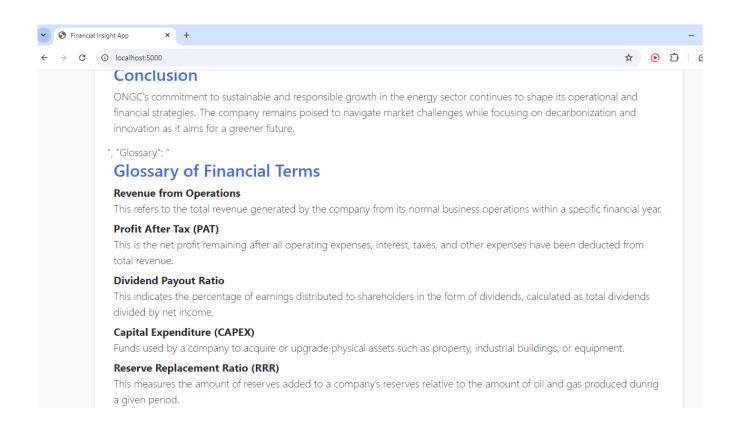

Subsidiary Performance

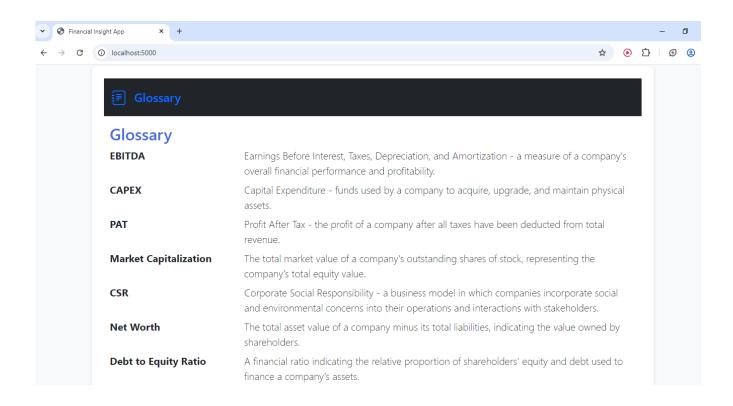

ONGC Videsh Limited (OVL), Mangalore Refinery and Petrochemicals Limited (MRPL), and other subsidiaries played vital roles in contributing to the overall performance. OVL reported a decrease in PAT from `16,602 million in FY'23 to `6,393 million in FY'24, while MRPL recorded a PAT of `35,959 million for FY'24.

CSR Initiatives

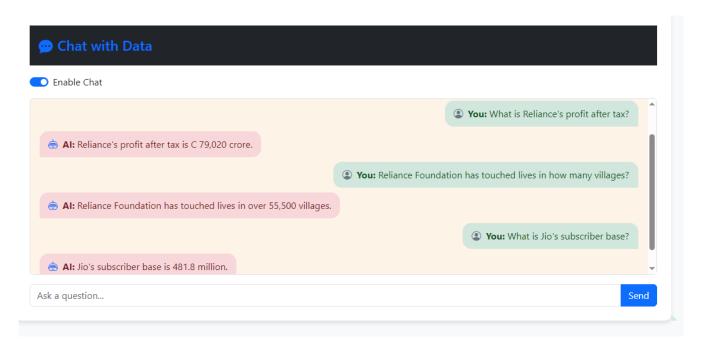

ONGC documented the highest-ever expenditure on Corporate Social Responsibility (CSR) at `6,345.74 million in FY'24, including contributions to educational initiatives and community welfare, particularly in aspirational districts.

Conclusion

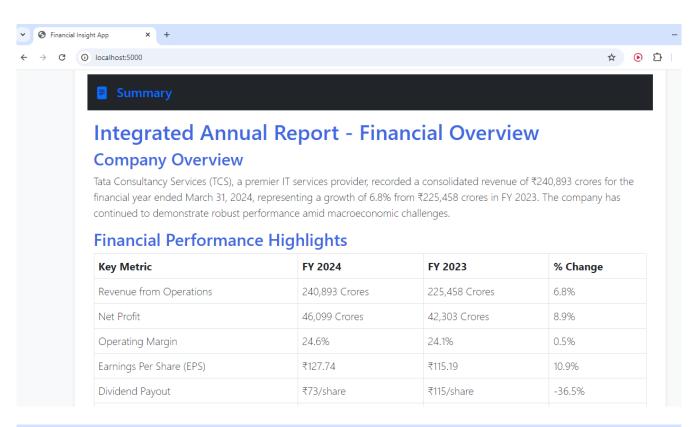

Chat with data feature (Query ChromaDB that returns closest matching chunks which then are sent to LLM which frames the response to user's question)
